

BELT & ROAD INITIATIVE

The Belt and Road Initiative (B&R Initiative) promotes co-operation among more than 150 countries and regions.

Five Co-operation Priorities

Hong Kong plays a unique role as the functional platform and a key link for the B&R, leveraging our distinct advantages to provide two-way connections to the Mainland and B&R regions, including international project financing, professional services support, economic and trade co-operation, and cultural exchange.

Belt & Road Summit

As the Belt and Road Initiative enters the second decade, the 9th Belt and Road Summit was held in Hong Kong in September 2024, bringing together around 6,000 government officials and business leaders from Belt and Road countries and regions. The 10th edition of the Summit will take place from September 10-11, 2025.

Hosted annually by Hong Kong since its debut in 2016, the Summit is the premier Belt and Road business and investment platform for Hong Kong, the Mainland and overseas enterprises, highlighting Hong Kong's role as an important functional platform for the Initiative.

As a "super connector" and "super value-adder", Hong Kong leverages its unique advantages to actively take part in the Initiative and continuously strengthen co-operation with partners to play an important role as a participant, contributor and beneficiary in the Belt and Road Initiative.
