

Regional education and training hub

Overview

With top-notch universities, Hong Kong is well-positioned to be a **regional education hub**. In the 2021-22 Budget, recurrent expenditure on education is HK\$100.7 billion (US\$12.9 billion), accounting for 19.5% of total government recurrent expenditure.

HK's attraction for Mainland and overseas students

- **Academic freedom** and learning in a cosmopolitan and liberal environment
- Universities provide **excellent prospects for internships** and **further education**
- **High-ranking, internationally recognised qualifications**
- **International perspective** and employment opportunities
- Vibrant **multi-cultural scene** expanding students' horizons
- Geographical and cultural **proximity favourable to Mainland students**

International schools

Fifty-four international schools are in operation in the 2021/22 academic year, providing more than 10 curricula, including British, American, Australian, Japanese, Singaporean, French, German, Korean,

Canadian and the International Baccalaureate programme. About 45,900 primary and secondary school places were offered in the previous academic year.

Student exchange programmes

- **One in four university students** participates in exchange programmes lasting at least one semester during their university years. In the 2019/20 academic year, the eight universities funded by the University Grants Committee received around 3,500 incoming exchange students and also sent about 5,400 local students on exchange programmes
- With an additional \$100 million allocated to expand the International Youth Exchange Programme to encourage young people to broaden their horizons, the **Funding Scheme on International Youth Exchange** has been operating since 2017
- **Belt and Road Scholarships** to encourage outstanding students from Belt and Road countries to pursue tertiary studies in Hong Kong. The Scholarships have been expanded to cover all regions along the Belt and Road, as well as research postgraduate students, starting from the 2019/20 academic year.

Training hub

- The **Hong Kong International Aviation Academy**, the **MTR Academy**, the **Fire and Ambulance Services Academy**, the **Maritime Services Training Institute** and **Hotel ICON** offer specialised operational and management training
- The Hong Kong Monetary Authority established the **Hong Kong Academy of Finance** in June 2019
- The Construction Industry Council established the **Hong Kong Institute of Construction** in 2018 to nurture more high-calibre professionals
- The Development Bureau established the **Centre of Excellence (CoE) for Major Project Leaders** in July 2019. As the first of its kind in Asia, the CoE offers a high-level project management and leadership development programme to senior government officials and construction leaders involved in public projects
- **Human Resources Planning Commission**, chaired by the Chief Secretary for Administration, commenced operation in April 2018
- To attract high quality world talents, the **Talent List of Hong Kong** identifying 11 specific professions in demand in Hong Kong was launched in August 2018
- The **Hong Kong Scholarship for Excellence Scheme** was launched in November 2014 to support up to 100 outstanding local students per cohort to pursue studies at world renowned universities outside Hong Kong. The scheme has been regularised from the 2019/20 academic year onwards
- **The Pilot Scheme on Corporate Summer Internship on the Mainland and Overseas** was launched in March 2018 in collaboration with major companies to provide internship places for local youngsters on the Mainland and overseas
- The 2020-21 Budget set aside \$40 million to subsidise **short-term internships** for undergraduates and postgraduates taking **STEM programmes** in local universities. The Government announced to regularise the scheme in the 2021-22 Budget.
- **World-class institutes have established a base in Hong Kong** (Sweden's Karolinska Institutet, Massachusetts Institute of Technology (MIT), Germany's Fraunhofer Institute for Production Technology, University of Chicago Booth School of Business, Northwestern University's Kellogg School of Management, Cornell University's College of Veterinary Medicine, the Asia Society, HKU-Pasteur Research Pole (France) and the Nordic Innovation House).
- **Harvard SEAS** (Harvard John A. Paulson School of Engineering and Applied Sciences) and the **Faculty of Engineering at the University of Hong Kong** (HKU) signed in early December 2018 a Memorandum of Understanding to set up a joint laboratory of instrumentation for precision medicine.
