

Regional education and training hub

Overview

With top-notch universities, Hong Kong is **well-positioned to be a regional education hub**. Hong Kong has **highest number of international schools among Asian cities**. In the 2018-19 Budget, \$84.6 billion, or 20.8% (highest for any single policy area) of total government recurrent expenditure, was allocated to education. The 2018-19 Budget also proposed to reserve **\$2 billion recurrent funding** for the implementation of quality education, which, together with the **\$1.4 billion reserved earlier** by this term of Government, makes up **a total of \$3.4 billion recurrent funding** reserved for the continued implementation of quality education.

HK's attraction for Mainland and foreign students

- **Academic freedom** and learning in a cosmopolitan and liberal environment
- Universities provide **excellent prospects for internships** and **further education**
- **High-ranking, internationally recognised qualifications**
- **International perspective** and employment opportunities
- Vibrant **multi-cultural scene** expanding students' horizons
- Geographical and cultural **proximity favourable to Mainland students**
